Ref.: Acknowledgement and Thanks for Donation

Dear father, the heading above is hereby concerned.

On behalf of my Provincial Superior and on my own behalf, I would like to thank you very much and all the Parishioners of the Liebfrauen-Westerburg Parish for your Donation to support water project, which was planned for Rossana Primary School.

Given the fact that this School has been blessed to have some other benefactors, we have decided that the money received from you be allocated to another water Project in Babati farm, which is a property of our ALCP/OSS Society. We have maintained the intention of the donors. Funds for this project are not yet sufficient, but your contribution will substantially help towards the realization of this large project.

We keep you in our prayers and wish you God's abundant blessings in this advent season.

With kind regards

Fr. Dr. Innocent Mkwe
